

Service Kit

753-0625, 753-0626,
753-0627

Code: ST-126

Date: December 4, 1995

Subject: Shave Plate for SnowThrower Models-
1994 and Prior

1. Remove the four (4) hex nuts and bell washers that hold the slide shoes to the snow thrower housing.
2. Remove the four (4) carriage bolts that hold the old shave plates to the snow thrower housing.
3. Discard the old shave plate.
4. Assemble the new wrap around shave plate to the snow thrower housing.
5. Use the two rear carriage bolts from the slide shoes to hold the new wrap around shave plate in place.
6. Place the flat washers packed with the new shave plate over the front carriage bolts that attach the slide shoe.
7. Place the slide shoe over the two carriage bolts and secure with the two bell washers and hex nuts.
