

SERVICE KIT

753-0685

CODE: R-388

DATE: January 6, 1997

SUBJ: Circuit breaker

THIS KIT REPLACES CIRCUIT BREAKER PART NUMBER 725-0459 IN SERVICE.

INSTALLATION INSTRUCTIONS

1. Unplug wire from circuit breaker and remove circuit breaker from tractor frame.
2. Discard circuit breaker
3. Attach red harness wire to the new fuse holder and plug red wire on the bottom terminal.
4. Attach black harness wire to the side terminal on the new fuse holder.
5. Insulate all connections with electrical tape.
6. Using cable tie provided in kit, tie fuse holder and all wires out of the way of all moving parts. It is recommended to secure the fuse holder and wires to the frame area where the circuit breaker was originally positioned.
